The image shows a screenshot of the GuitarPro software interface. The window title is "Guitar Pro 6 - Day Tripper.gp5". The interface includes a menu bar at the top with options like "Fil", "Rediger", "Spør", "Takt", "Node", "Effekter", "Sektion", "Værktøjer", "Lyd", "Vis", "Vindue", and "Hjælp". On the left side, there is a toolbar with various icons for editing and playback. The main workspace is divided into two sections. The top section displays guitar chords for "Day Tripper" by Tommy Emmanuel, with a note that the tab is a revised version from 2011. The chords shown are E7, F#7(b9), E7, F#7(b9), E7, F#7(b9), and E7. Below the chords, the text "Standard tuning" and "Moderate J = 120" is visible. The bottom section shows the guitar tab itself, with a staff for the guitar (S-Gt) and a bass line. The tab includes a key signature of one sharp (F#) and a time signature of 4/4. The bass line is written in a simplified notation with numbers 1-4 representing frets.

Evaluering maj 2012

- Alle elever er glade for ipad konceptet, og vil gerne fortsætte
- Guitarpro app. med metronom afslører for eleven selv, på godt og ondt, store svagheder i de rytmiske færdigheder.
- Arbejder selv med apps programmering til undervisning, der kan afhjælpe de svage sider i de eksisterende Ipad programmer
